

PORN FILM FESTIVAL VIENNA 2023

12. 04. - 16. 04. 2023

THE FUTURE OF PORN, THE FUTURE OF SEX!

A new year, a new round of Porn Film Festival Vienna. For the sixth time this year we celebrate sexuality, diversity, and eroticism. From April 12 to 16, everything will revolve around the future of pornography and sexuality in the familiar - and two new - PFFV locations at Schikaneder, Topkino, Votivkino and Fortuna Kino.

CUM TOGETHER

Away from clichés and stereotypes, this year we are looking at the future of pornography and sex. With almost 50 events, we want to open up a new focus on pornography beyond the mainstream and smut clichés for our visitors. What can pornography look like in the future? How do we want to experience sexuality in the future? What do we want to explore, what do we want to experiment with, what fantasies do we want to pursue?

As PFFV, we also want to open up feminist and queer perspectives on pornography and sexuality. In a safe and unprejudiced space we invite our visitors to come together, be curious and experience. The Future of Porn is yours!

FIVE DAYS, 15 EVENTS, 30 SCREENINGS, 5000 VISITORS

Our 30 screenings will take place in different locations this year: Schikaneder Kino, Votiv Kino, Aids Hilfe Haus, Volkskundemuseum, Ponyhof. Since this year the Votiv Kino De France and again the erotic cinema Fortuna are part of the program.

A highlight of our futuristic-diverse film program, offers this year's focus on American filmmaker and photographer Matt Lambert.

In addition to the screenings, we are pleased to again offer a variety of additional programming to our beguiling screenings this year with 15 side events. Included this year are hands-on workshops on sex education, panel talks, a tour of the Vienna Aids-Hilfe and the standard PORN EXHIBITION, this year in the gallery of the Gayt-Store Vienna. A special feature of this year's event is the Industry Day, organized by us for the first time, where directors, actors and other people involved in the industry are invited to exchange ideas and network.

The notorious PFFV parties will not be neglected this year either. There will be five parties this year (in different dress codes). And for those who don't feel like dancing, we have an alternative date in store: Those who prefer shopping to dancing are invited to try it out unclothed at the Naked-Shopping in the Gayt-Store.

OLD FACES FOR THE FUTURE OF PORN

As in the previous year, the program of this edition will be led by the Armenian opera singer Adrineh Simonian. After a successful fifteen-year career in the opera business, Adrineh and her company Arthouse Vienna are now dedicated to producing artistic documentary films and porn from a feminist perspective. The program management is therefore in good hands this year and we are happy about the renewed cooperation.

To get our visitors fully in the mood for our futuristic thematic focus, our visual identity this year follows a cunnstful cyber-aesthetic. Trailer, poster and online presence are also from the pen of Stefan Yazzie Herbert, who already proved a knack for beguiling graphics at the last PFFV edition.

SAVE THE DATE AND BRING YOUR DATE

In this spirit, we invite you to five exhilarating days around the Future of Porn and Sexuality from April 12 to 16. Look forward to a festival full of (cinematic) highlights, new discoveries, without taboos - and of course always with consensus!

The Porn Film Festival is kindly supported by the Department of Culture of the City of Vienna (MA 7) and the Federal Ministry of Arts, Culture, Civil Service and Sports (BMKÖS).

Information about the Porn Film Festival Vienna

<https://www.pornfilmfestivalvienna.at/>

In 2017, Yavuz Kurtulmus and Jasmin Hagendorfer had the idea for Austria's Porn Film Festival. They and a team of creative activists* have been creating a buzz in the arts and culture scene since the first edition of the festival made its way into Viennese cinemas in 2018.

More than 4,000 visitors* flocked to the screenings and numerous side events each year. They showed the lively interest in exploring the topic of porn in all its facets.
